EXPERIENCE

EY (Ernst & Young), Portland, OR — *Senior Engineer*

JAN 2018 - PRESENT

Led new full-stack development efforts with event-driven architecture. Guided fellow developers in learning and implementing new design patterns. Continued support for existing applications.

Citizen, Portland, OR — *Creative Technologist*

JUL 2016 - JAN 2018

Focused on front-end development. Types of projects included: eCommerce, user portals, marketing sites, blogs, conversational experiences (chatbot / real-time chat). Acquired by EY.

Berret Brothers, Portland, OR — *ECommerce IT Support*

JAN 2011 - OCT 2015

Tier 1 and 2 IT support for an eCommerce business. Duties included SQL server maintenance, bug fixing, and Windows troubleshooting. Major projects included launching new physical distribution sites.

RECENT MAJOR PROJECTS

EY Career Center — 2019, *Architect and full-stack tech lead*

Set the foundation and led the creation of a new application that serviced both public customer and staff members. Full-stack and DevOps tasks handled by myself and a team of 4 others.

Virtual Assistant and Chat — 2018, *Front-end tech lead*

Led a front-end team at Cigna and collaborated with other leads to build new bot and chat features into enterprise healthcare software.
